

BASICS Scotland

Clinical Educator

Based in Aberuthven, Perthshire

Salary from: £42,058

Full-Time (37½ hours) (Job share basis will be considered)

BASICS Scotland was established in 1995 to provide high quality immediate care training to health professionals in Scotland. We provide a variety of educational courses including pre hospital emergency care courses, pre hospital paediatric care courses, major incident courses and tele-education courses. We receive funding from NHS Education Scotland (NES) to provide immediate care courses to health professionals working in remote and rural areas of Scotland.

BASICS Scotland are currently looking to recruit a Clinical Educator to deliver a high class programme of pre hospital emergency care education and training to remote and rural healthcare professionals across Scotland. This is an exciting opportunity to work with the leading organisation in Scotland for pre hospital emergency care training, and contribute to the future development of its educational delivery activity. Due to the retirement of the current post-holder we are looking to appoint a positive and innovative team player to help make up our team of two Clinical Educators.

Responsibilities will include:

- Directing a diverse range of courses on an ongoing programme of Immediate Medical Care training courses throughout Scotland.
- Developing and piloting new educational resources using remote and other technologies, and assisting in filming training videos
- Supporting the development of volunteer multi-professional course instructors, and BASICS Scotland Responders
- Working with internal and external agencies to develop new and innovative remote educational resources.

You will be educated to degree level or have a relevant professional qualification with significant experience in NHS Scotland or a health-related field. You will have current registration as a healthcare professional with significant experience and knowledge of pre-hospital care, and there is an expectation that this post will maintain clinical currency. How this can be achieved will be negotiable upon appointment. Moreover, you will have demonstrable experience in delivering education and training. You will be an effective communicator at all levels.

Please email completed application form to Lucy Aitchison at laitchison@basics-scotland.org.uk or forward to the address below.

Closing date: 12 Noon on 8th April 2019

Interview Date: 18th or 25th April 2019
